ENVIRONMENTAL POLICY

Issue 1

Σελίδα 1 από 1

Date of Issue: 01/09/2022

*The aromatic plants & herbs processing & packaging company "HIPPOCRATIC ESSENTIALS PC", having as a priority the protection of the environment and the implementation of environment-friendly practices to all stages of production procedures, has established an **Environmental Management System** according to the **ISO 14001:2004** international standard.*

*By implementing the **Environmental Management System**, the company commits to:*

- *Review all issues that result during production and packaging, concerning potential environmental impact.*
- *Promote the environment-friendly policy and culture to all staff and to encourage the adoption of relevant practices.*
- *Train and adequately inform its personnel about environmental issues concerning their work.*
- *Reduce the volume of refuse and waste of the production procedure, through recycling and reusing of materials, where possible and efficient.*
- *Promote effective use of materials and available resources to all production procedures, including water, energy, raw and auxiliary materials, especially non-renewable sources.*
- *Avoid unnecessary use of harmful materials and products, by using alternative materials where possible, ensuring health and environment during use, storage and waste of such materials.*
- *Supply and use products and services friendly to the environment.*
- *Develop and maintain appropriate control levels and action plans, wherever is required by current legislation or health, safety and environmental hazards are detected.*
- *Communicate environmental commitments throughout supply chain, by encouraging all parties involved to support those commitments.*
- *Pursue continuous improvement of its environmental performance and the minimization of the production procedure social impact, through regular review of the environmental policy, within the scope of current and future activity.*
- *Comply with the present environmental law and relevant regulatory provisions.*

The company's Senior Management is committed to provide all resources required to effectively implement the **Environmental Management System** and its consistent monitoring annually, aiming at its continuous improvement.
